Twisted Broadway promises to be an irreverent afternoon offering your favorite Broadway tunes turned upside down and inside out. Said producer Susan Grace, "For more than 15 years I've dreamed of presenting benefit concerts in LA. Having spent all of my adult life with a rabid interest in re-interpreting and twisting Broadway songs out of context, I hoped audiences would respond to an irreverent but loving tribute to musical theatre, while making a substantive difference in the world. I'm proud to say that last year's premiere event was a rousing success!"

Theatre LA Cares, LA's newest producing company, is committed to empowerment, healing, and dignity, and robustly supports Time's Up so that someday soon no one will ever have to say, "me, too" again. Time's Up is a unified call for change from women in entertainment and for women everywhere. From movie sets to farm fields to boardrooms alike, Time's Up envisions nationwide leadership that reflects the world in which we live.
